SOPs Air Volume V, February 1991

J.M. Kersh, Associate General Manager
Environmental Restoration and Waste Management
EG&G Rocky Flats, Inc.

DOE has completed review of the SOPs for air. The SOP's submitted to DOE are not for environmental restoration activities as indicated. The air SOP document refers to inplant monitoring for operational activities. DOE expected SOP's for air that address ER activities, but this is totally lacking. In addition, EPA and CDH have formally commented on the lack of any referral to ER activities for which the document was intended.

With this in mind, DOE is requesting that Air SOPs for ER activities be developed and transmitted for DOE review by May 1, 1991.

If you have any questions, please feel free to contact Tom Olsen of my staff at extension 2762.
